## About Our Mission

**We uplift and strengthen people impacted by cancer by providing support, fostering compassionate communities, and breaking down barriers to care.**

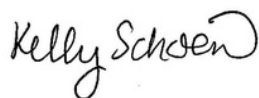

Each day, approximately 30 people in our Greater Cincinnati-Northern Kentucky community will hear the words, 'You have cancer' — and that's where our work begins. **Founded on the principle that no one should face cancer alone, Cancer Support Community offers a wide range of free services**, from support groups and educational workshops to wellness programs and social activities.

**We're not just an organization; we're a community that understands the journey.** What sets us apart is our commitment to treating the patient and survivor, along with their entire support network. Our free evidence-based programs are designed to improve quality of life for all, reduce stress, anxiety & depression, and **empower individuals through and beyond a cancer journey**. CSC delivers over 150 free programs throughout the OH-KY-IN Tri-State!

Our impact speaks volumes. Last year alone, we served over 4,000 individuals and families, providing more than 12,000 hours of support. But numbers only tell part of the story. It's the smiles, the renewed hope, and the sense of belonging that truly define our work.

**We hope you will join us as an investing partner with a sponsorship in 2025!** We would love to discuss directly and customize a level based on your needs!

Respectfully,

Kelly Schoen  
Executive Director
