### ABOUT OUR MISSION:

For over 30 years, **Cancer Support Community Greater Cincinnati-Northern Kentucky (CSC)** has been a beacon of hope, providing critical support to individuals and families affected by cancer. CSC's mission is to ensure that no one faces cancer alone by offering free programs that uplift, educate, and connect the community.

CSC strengthens the lives of all those impacted by cancer through support groups, educational workshops, healthy lifestyle programs, and social events—all designed to improve quality of life and survivorship.

### EMERGING LEADERS BOARD (ELB):

Serving on the ELB at Cancer Support Community is a meaningful opportunity to drive lasting change in the community. Members play a pivotal role in guiding the organization's mission, ensuring its sustainability, and expanding its impact.

**CSC seeks passionate young professionals who are committed to making a difference in the lives of individuals affected by cancer.**

ELB Members serve as advocates, stewards, and champions of CSC, contributing their time and talents, resources, and networks to achieve the organization's vision.
